

Grade Track

Group project by:
Christopher & Ivan

Project Summary:

Grade Track is a web based application where teachers can login and create their classes and post grades in one easy to use place. It also allows students to login and see their grades in one of two ways, either through their smart phones or through their computer.

Versions:

Version 1:

- Sign up (student/teachers)
- login (student/teachers)
- Create class (teachers)
- Add/edit/delete students to class (teachers)
- Add/edit/delete assignments to class (teachers)
- Add/edit/delete grades for assignments (teachers)
- Archived classes (student/teachers)
- Responsive mobile view (student)
- View class grades (student)

Version 2:

- Multiple schools
- GPA calculation
- Class ranking

Roles:

Chris:

- Front end design, Views(PHP), HTML, CSS, Javascript,
- Quality Assurance

Ivan:

- PHP(CodeIgniter), Database, Quality Assurance
